As a homeowner in Eagle Crest, I am irate about this water increase proposed by Goodman Water Company. I feel as though I'm being held hostage in my own home as they are controlling my water usage. We are on a fixed income, bought this house to retire in, and now the water increase, if passed, will cause us to be a ghost town. Is that the real plan? - Get us all cut - and charge people to see a ghost town? - make some money for our poor state? Yikes. This is insane. You will see water conservation like you've never seen before. Sad, we won't be able to run our dishwasher once a month, and forget laundry - how will we be clean? PLEASE TAKE THE TIME TO STUDY THIS ISSUE BEFORE MAKING

YOUR DECISIONS, AND PRETEND LIKE IT WAS HAPPENING TO YOU OR YOUR LOVED ONES. BEST REGARDS MOLLY STEFFENS

GOODMAN WATER COMPANY  
PROPOSED RATE INCREASE  
DOCKET NUMBER W-02500A-10-0382

This letter is in response to the Goodman Water Company's proposed rate increase as well as the past rate increases that were unlawfully and unsubstantially approved by the Arizona Corporation Commission.

The proposed increase is totally unjust and uncalled for it represents an increase represents a 400% higher water rate than any other adjacent community

It appears that Goodman Water Company is an Arizona State sanctioned Monopoly that is using its (our) money and its political contacts to abuse its control over what is supposed to be a utility to force unregulated water rates and fees down our throat.

Due to there last rate increase sanctioned by the Arizona Corporation Commission our water rates are already higher than any where in Pima or Pinal county.

I pay over \$105.00 dollars per month just for the privilege of having the Goodman Water Company's water meter that is without using one drop of water. \$1260.00 per year just for the meter.

No Where have I ever heard of such Highway Robbery this is not the old west any more. How many times do I have to pay for this meter, that buy the way cost less than \$600.00?

They now propose to raise the monthly meter rate to \$142.00 PER MONTH and increase my already astronomically high monthly bill from \$158 to \$240 a 51.69 % increase.

My friends in Oro Valley only pay \$47.00 per month for the same water use and they do not pay a meter fee.

Due to Goodman Water Company's structuring allowed by Arizona Corporation Commission, they are allowed to hire lawyers to fight our complaints against them and then force us to pay the fees. This is corrupt and unjust.

The laws that have been established by politicians in bed with this monopoly, and other company's like Goodman Water Company to allow this kind of abuse and robbery to take place must be stopped.

I and my neighbors in this community over 1000 voters are making it our personal goal to spread the word, and vote out of office any officer or candidate that supports or assists Goodman Water Company, DR Horton, or any of their associates, in pursuing this or any other rate increase.

In fact I would strongly encourage any of you who are politically motivated and believe in justice that you look into repealing their past rate system make these people an example of what you can not get away with in the State of Arizona.

We Demand that the Rate Increase be DENIED  
NO bail out for bad business decisions to overbuild the water system  
Equitable water rates and meter fees based on adjacent communities

There is obvious collusion between the Developer DR Horton and Goodman Water Company. DR Horton owns stock in Goodman Water Company!  
We are demanding Implementation of Impact Fees a.k.a. for all future on site homes

I am requesting that the State Attorney General look into these matters as well.  
I am sending a CC to all of the government agencies and politicians who should be concerned about their constituents and their political standing with this community.

We will see to it that this matter is brought to the attention of all of the local media.

Sincerely
